Introduction

Everyone is welcome at our meetings. We have a wide range of activities to interest all ages and levels of photographic skills. Our programme includes:

- Talks and presentations on photography by leading professional and amateur photographers.
- Print and Digital image competitions, both internal and with other clubs.
- Workshops and demonstrations of camera and software techniques.
- Informal gatherings, special interest groups and social events.
- A summer season of less formal meetings in June, July and August.

The club is a member of the Southern Counties Photographic Federation. We enter competitions with other clubs in the Federation and enter the Federation's annual exhibition.

We pride ourselves in catering for all standards of photography, and in helping members to learn and to get the most enjoyment from photography.
